1)

Dear Mr Srikanteswara Aiyar,

I shall be obliged if you will let me have a detailed account of the liabilities on account of acquisition charges which have to be paid in respect of the properties taken possession of by the Trust Board I find it extremely difficult to provide another Rs 50,000 in lump-sum before February next and I am also consulting the Financial Secretary on the subject If you can defer payment of the urgent cases till 1st of July and in the meantime, furnish me with full information regarding your actual liabilities I may be able to make satisfactory arrangements for their due discharge without any further delay than than indicated by the above date

Yours sincerely,

Sd A R Banerji

My

Dear Mr. Banerji

First thing - I have consulted on the matter, and ascertained if the B[2] can pay about Rs 50000 by end of Dec[2] & the balance in July next.

The B[2] have been repeatedly approaching that they have incurred, on account of recent large contributions on the part of Rs 3½ lac annual fund. & if a Scheme had to fund the obligations

5) A complete statement of the liabilities of the Board on account of acquisition of houses obtained from Mr Srikantesvara Iyer is in the linked file. It will be seen from the abstract given in this statement that the liabilities consist of two classes (1) properties which have already been taken possession of and (2) those for which only awards have been made but possession of which has not yet been taken. The demand on account of cases (1) is Rs 37 835. There is no information in the file

NOTE—Contn. sheet.

Serial No

file to show what part of the allotment of Rs 37 350 allowed for compensation charges in the current year' budget of the Board is available for meeting this demand If the whole of it is available no additional grant is necessary on this account at all otherwise the whole or part of the demand of Rs 37 835 has to be met and funds will have to be allotted for this purpose If the Board has no resource of its own to pay th s char

(1) I do not know if payments must necessarily be made for properties for which awards have been made but which have not yet been taken possession of Mr Srikantesvara Iyer himself says that the payment for properties acquired in the Kurubarhalli village may b put off If it is possible to suspend further proceedings it is quite necessary to withdraw from this commitment which amounts to about Rs 2 lakhs excluding t acquisitions in the Kurubarhalli village and to about Rs 2½ lakhs including them

2) Acquisition of houses for demolition when the is no money to pay for them or paying for them from loan funds cannot be defended Expenditure of this nature has to wait until funds can be found Every improvement that can possibly be secured either by increasing revenues or by reducing expenditure will be absorbed in balancing the annual revenue finances The capital finance position is even more difficult as

h

W/ 13/12/22

Submitted to His Highness.

These papers relate to an extra grant applied for by the Chairman, City Improvement Trust Board, Mysore, for meeting acquisition expenditure.

2. When submitting the budget for the current year, the Chairman applied for a State grant of Rs.1,75,000, but on account of financial stringency, the Government sanctioned a grant of only Rs.1,00,000 and the provision of Rs.91,350 made in the budget of the Board for the acquisition of properties was in consequence reduced to Rs.37,350

3. The Chairman has now applied for an additional grant of Rs.1 lakh or Rs.75,000 at least for meeting urgent demands on account of acquisition. In this connection, a list of liabilities of the Board was called for and I also inspected the office of the chairman on 25th November 1922. I am satisfied that the sanctioned grant is quite insufficient to meet certain pressing claims and that it requires to be supplemented. As stated by me in para 8 of my notes of inspection of the Trust Board office which I had submitted to His Highness, an additional sum of Rs.90,000 would be necessary to close up all the pending accounts showing liabilities of the Trust Board on account of acquisition.

4. The Financial Secretary who was consulted in the matter thinks that, in the existing state of finances, it is impossible to sanction anything more than Rs.20,000 as an additional grant.

5. The matter was considered in Council on the 7th December 1922 and their opinion is that an additional grant of Rs.50,000 may be sanctioned on account of acquisition charges which have to be met in the current year.

6. When this resolution was forwarded to the Financia Secretary in accordance with Standing Orders, he stated that he adhered to the view already expressed by him

7. In view of the commitments in respect of the acquisition of properties in the Mysore City and the necessity for immediate payment of compensation in cer tain cases which cannot possibly be met out of the sanc tioned grant, I consider it necessary to sanction an additional grant of Rs 0,000 in accordance with the resolution of the Council and request that it may be graciously approved A debt incurred has to be honor and it is not fair to the parties whose properties have been acquired and taken possession of to be kept wait for the compensation due The procedure followed, no doubt, has been very unbusinesslike in that properties have been acquired without any regard for money availab and definite instructions have now been issued to the President of the Board to strictly limit expenditure to sanctioned grants in future should add in this connection that a sum of Rs 1 lakh is included in the total liability of the Board as compensation for the Fo House of Sir M Kantaraj Urs and the award was passed in August last when the Chairman knew that there was no money for the acquisition Reference is solicited to para D of budget order dated the 22nd June 192?.

Note—Contn sheet

and Sewerage Works for the present in the old city [illegible] to the extent of patching up open drains in disrepair which would prove to be a source of veritable nuisance if not attended to from time to time. It was also suggested that the scheme might be confined for the present to the newly formed extensions where it was easier to give proper house connections etc., and carry out a fairly sufficient system of drainage, and a more comprehensive and satisfactory scheme of water supply was asked to be drawn up, the rate of water tax being suitably increased so that it might be possible to raise enough money to meet the maintenance and other charges in connection with it.

Works relating to Attractions.

4. As regards works calculated to improve the utilitarian and aesthetic aspects of the City, the Chairman was asked for a list of such works under progress during the year, together with information as to the exact amount that might be required to complete such of them as could not be postponed without serious detriment and he promised to send up such a list shortly. In this connection, the Chairman explained that the work in constructing the Municipal Office was somewhat of an urgent nature as he had made up his mind to somehow finish the ground floor so that the office might be shifted to the new building by March next at the latest. He also explained why the original estimate of Rs.1,43,800 for this work had risen to Rs.3,02,800.

Work Registers.

5. Some of the work registers were then examined and it was observed that in several instances the sanctioned estimates had not been adhered to, but had been exceeded in the course of execution and no sanc-

tion

sanction of Government had been obtained. The explanation given by the Chairman was not satisfactory. The ordinary rule about seeking fresh sanction in all cases in which the sanctioned estimate is proposed to be exceeded should be strictly adhered to in future.

Devaraja Market Scheme.

6. The progress made in the Devaraja Market scheme and the income derived from it by the Trust Board was next enquired into and the Chairman explained that the total estimate of the scheme was Rs.1,23,000 for constructing four stalls out of which only two had been completed so far. It was observed that a large increase of income had accrued to the Municipality by this improvement and the Trust Board got no share of this. The Chairman was asked to investigate into this matter.

Productive Works.

7. As regards Productive works, the Chairman explained that the Trust Board had recently referred to the City ~~Municipal~~ Municipal Council for consideration the question of raising a loan of Rs.6 lakhs for financing the scheme of opening a commercial street with shops and also a Tharagupett for the convenience of merchants and others

Acquisition Work.

8. In their review of the 11th December 1919, Government had expressed the hope that the question of Port Improvements might be expected to be satisfactorily settled before the close of the quinquennium ending with the year 1922-23. But this expectation has not been realised in full as a sum of nearly Rs.2 lakhs has still to be paid for properties already acquired or still to be acquired in this area. In a letter dated the 15th

November 1922, the Chairman explained that the total liabilities of the Trust Board for meeting the awards from time to time for the acquisition of properties taken up for clearing congestion, opening out lanes, creating conservancy facilities, laying out extensions, improving the Fort area etc., amounted to Rs.2,39,455. As it was scarcely possible to provide such a large sum in the existing state of finances, it was suggested to the Chairman that the following items might as well be postponed for the present as the properties in these cases had not been taken possession of as yet:-

Rs. 40,002 for the acquisition of Kumbara hallix village

Rs. 26,606 for the acquisition of lands for the Vani Vilas Mohalla

Rs. 35,011 for the acquisition of lands in other Mohallas.

Rs.1,01,619

Leaving out the above items which are not of an urgent nature and taking credit for the income likely to be derived by the Trust Board, the net grant required for the acquisition of properties would be about Rs.90,000. If this sum is provided for now, the Chairman ought to be able to get on next year without any extra grant from Government. The Chairman was asked to submit a clear report to Government on these lines.

Acquisition files.

9. Some of the files relating to the acquisition of properties were examined and it was found that there was no general principle on which the awards were based and that in some cases the materials had been given away free or at an arbitrary valuation to the owners of the

properties acquired. There was no proper account of these materials/which the owners had absolute control and the actual cash payment did not set off the valuation of materials. The award was defective in this important respect. The Chairman explained that the nature of the award varied with the circumstances of each case and added that he would make sure in every case that neither the interests of the Board nor of the owner of the property materially suffered in any way This explanation is not convincing. The procedure leads to many abuses likely to affect the interests of the Trust Board. The examination also disclosed the fact that in several cases possession had been obtained from the owners two or three years ago but no compensation has yet been paid to them. There is no reason why there should be so much delay in the disposal of these cases and it is hoped that the acquisition proceedings will ordinarily be completed and compensation paid within six months from the date of the publication of the Notification sanctioning the acquisition.

Recovery of Outstandings.

10. It was noticed that there were large outstandings to the extent of Rs.67,000/- in respect of the value of sites sold, loans granted for house-building, etc. Vigorous steps should be taken for the speedy recovery of all outstanding items by issuing the necessary executive processes in each case

Surplus stores.

11. It was also noticed that there was a surplus of pipes etc., to the extent of Rs. 80,000/- in the stores which were not immediately required for the use of the Board. Steps should be taken to make use or dispose of the same.

Security Deposit

12. The security of only Rs. 50/- offered by the Store-keeper appears to be quite inadequate having regard to the value of stores actually left in his charge. Steps should be taken to take suitable additional security from this official.

Audit Reports.

13. It was found that the last two Audit Reports of the Assistant Comptroller contain several objections in respect of the working of the Board, but the Chairman has not yet answered the objections and returned the same to the Audit Office. This should be done early, and report made to Government.

Municipal Office Building.

14. The new Municipal office building under construction was next visited in company with the Chairman and it was pointed out that the first floor should not be commenced without express orders of Government.

Electrical.

15. The Engineering Department of the Trust Board requires greater supervision. As estimates sanctioned long ago are being worked for several years also brought forward ~~without~~ without any regard for funds available and excesses are incurred without sanction. A programme of works in progress for which suitable provision should be made to bring them to completion, should be submitted to Government to enable them to lay down a regular financial policy for the Board in future. The list of such works should be brought up to date under the various classes, and revised estimates submitted for sanction, whenever necessary, with full explanation for all excesses.

acquisition proceedings should be regularised by proper accounting of the net liabilities of the Trust Board in each case, specially when materials are delivered to the owners of the property acquired, and when materials are sold, separate account should be maintained under the head Receipt The revenues of the Board under all the heads require greate supervision and control, all available resources should be tapped and additional revenues derived by the Municipality from Trust Board Works be duly credited to the Trust Board The Water Supply and Drainage Schemes should be examined one for all by experts. The expenditure on underground drainage system appears to have been a waste so far and without a comprehensive scheme prepared in conjunction with improved water supply, no further expenditure should be incurred on the works. It is absolutely necessary to confine the year's programme of expenditure to funds available; and the amount Government can spare from State Funds/as annual grant to the Board having been fixed, the operations should be regulated accordingly so as to avoid the necessity of applying for additional grants.

OFFICE OF THE CHAIRMAN,
CITY IMPROVEMENT TRUST BOARD, MYSORE

No. 57
Enc One

Date 15th November 192 2

MC 188 — 21 — 5

From

RAJASABHABHUSHANA DIWAN BAHADUR,
C SRIKANTESVARA AIYAR, B A, B L,
CHAIRMAN, CITY IMPROVEMENT TRUST BOARD
MYSORE

To

T E Jayarama Iyer Esquire B A B L
Secretary to the Government of His Highness the
Maharaja of Mysore Revenue Department

Sir

With reference to your letter No L 3163 dated the 24th October 1922 calling for a list of Board s liabilities I have the honour to submit herewith a detailed statement of liabilities incurred towards pressing urgent and very important purposes such as for clearing congestion and opening out lanes for constructing drains and creating conservancy facilities in Mandi Lashkar Krishnaraja and Devaraja Mohallas and in Fort, for creating sites for the location of Tuberculosis Dispensaries etc for forming a site for a Laboratory behind Banumiah's High School and for the acqui-sition of Survey lands for laying out and extending the Chamundi Lakshmipuram Vani Vilasa and Narasimharaja Mohalla Extensions to accommodate the displaced people as the congestions are removed Further, the drainage and sewerage works cannot be carried out without acquisition of properties being pushed through which in its turn is impossible without laying out Extensions for housing the displaced

2 The total amount of compensation till now awarded including the contribution of Rs 43 277 (to be paid by the Trust Board for the acquisition of Kurubarhalli Village for forming Almahalli Extension, comes to Rs 2,57 633, from which deducting Rs 18,178 already partly paid for properties which have actually been taken possession of and even dismantled and roads etc run across, there still remains a balance of Rs 2,39 455 payable as per award including Rs 37 635 which have to be immediately paid for properties which have been so taken possession of and dismantled, as otherwise the Board is liable to pay interest to claimants Some of the owners of properties for which awards have been made but possession has not yet been taken over for want of funds have also been pressing for payment

3 The acquisition of houses in the Mysore City unlike elsewhere is a very slow and difficult process as the owners of houses do not like to give up their ancestral properties round about the Fort and Palace which are the chief centres of attraction in this Capital City

4 The Board went on acquiring properties as usual, as per duly sanctioned schemes of Government on definitely adopted policy expecting the promised grant Now that the allotment is very much cut down they are much embarrassed for want of funds to meet their pressing liabilities

5 Out of Rs 2,39 455 required for meeting all the awards already made in full, about Rs 40,000 for Kurubarhalli may be somewhat deferred for a year or so more, as the villagers are not pressing for clearance But the payment of the other Rupees-Two Lacs- cannot be so put off

6 I have therefore to request, that you may be so good as to move the Government to kindly sanction an extra grant of Rupees 1 lac or at least Rs 75 000 to meet the Board's most pressing liabilities immediately, and the balance next year

so that with such contribution from Government the Board may be able to tide over the strait

I have the honour to be

Sir

Your most obedient servant

Sd/- Srikanteswara Aiyar

Chairman

OFFICE OF THE CHAIRMAN
CITY IMPROVEMENT TRUST BOARD MYSORE
DATED 15th November 1922

2-4060

FROM 18 NOV 1922

RAJASABHABHUSHANA, DIWA BAHADUR
C SRIKANTESVARA AIYAR B A B L
CHAIRMAN CITY IMPROVEMENT TRUST BOARD
MYSORE

To

T E Jayarama Aiyar, Esq , B A , B L ,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department

SIR

With reference to your letter No L 3163 dated the 24th October 1922 calling for a list of Board's liabilities, I have the honour to submit herewith a detailed statement of liabilities, incurred towards pressing, urgent and very important purposes such as, for clearing congestion and opening out lanes for constructing drains and creating conservancy facilities in Mandi, Lashkar, Krishnaraja, and Devaraja Mohallas and in Fort, for creating sites for the location of Tuberculosis Dispensaries etc , for forming a site for a Laboratory behind Bamuriah's High School and for the acquisition of Survey lands for laying out and extending the Chamundi, Lakshmipuram, Vani Vilasa, and Narasimharaja Mohalla Extensions to accommodate the displaced people as the congestions are removed Further, the drainage and sewerage works cannot be carried out without acquisition of properties being pushed through which in its turn is impossible without laying out Extensions for housing the displaced

2 The total amount of compensation till now awarded including the contribution of Rs 43,277 (to be paid by the Trust

Board

Board) for the acquisition of Kurubarhalli Village for forming Almahalli Extension, comes to Rs 2,57,633, from which deducting Rs 15,175 already partly paid for properties which have actually been taken possession of and even dismantled and roads etc, run across, there still remains a balance of Rs 2,39,458 payable as per award, including Rs 37,635 which have to be immediately paid for properties which have been so taken possession of and dismantled, as otherwise the Board is liable to pay interest to claimants Some of the owners of properties for which awards have been made but possession has not yet been taken over for want of funds, have also been pressing for payment

3 The acquisition of houses in the Mysore City unlike elsewhere is a very slow and difficult process as the owners of houses do not like to give up their ancestral properties round about the Fort and Palace which are the chief centres of attraction in this Capital City

4 The Board went on acquiring properties as usual, as per duly sanctioned schemes of Government on definitely adopted policy, expecting the promised grant Now that the allotment is very much cut down, they are much embarrassed for want of funds to meet their pressing liabilities

5 Out of Rs 2,39,458 required for meeting all the awards already made in full about Rs 40,000 for Kurubarhalli may be somewhat deferred for a year or so more, as the villagers are not pressing for clearance But the payment of the other Rupees Two Lacs-cannot be so put off

6 I have therefore to request, that you may be so good as to move the Government to kindly sanction an extra grant of Rupees 1 lac or at least Rs 75,000 to meet the Board's most pressing liabilities immediately, and the balance next year,

1

be that with such contribution from Government the Board may be able to tide over the strait

I have the honour to be,

Sir,

Your most obedient servant,

CHAIRMAN

Mysore City Improvement Trust Board

Rc 672

Mysore,
24th November 1922

Dear Subbaraya Shetty Avl. Jayaram Esq

With reference to your D O No L 3724 dated 18th November 1922, enquiring about the sum of Rs 37,500 provided in current years budget of the Trust Board for payment of compensation of properties I write to say that a sum of Rs. 19,663 has till now been paid out of this allotment, in settling certain claims which had become overdue at the beginning of the year, and in payment of compensation which had been awarded for other notified properties by the Deputy Commissioner who had taken possession of them on behalf of the Board.

2. A sum of Rs.17,837 is available out of this year's Budget grant against Rs.37,835, shown as due on account of properties hitherto taken possession of, as per statement of liabilities sent with my letter No.37 dated 15th November 1922

Yours sincerely
Subbaraya
